

x.news™ announces version 1.9 with revolutionary new features

Pinkafeld, Austria, 9/15/2017

x.news information technology is proud to announce its participation at this year's IBC show which will take place from September 15-19, 2017 in Amsterdam.

x.news will be presenting x.news™ 1.9 with a multitude of coveted new features:

- **New TimeLine™ module (optional add on)**
Work with your search results from a completely new perspective. It gives you a quick overview of when relevant events happened. Zoom in and out of the Timeline™ and the results of the panels will automatically be updated.
- **PDFs, emails and image libraries are fully indexed and searchable.**
As a result, you can find and share information with your colleagues even faster.
- **WhatsApp* group chat integration.**
Add x.news™ as a contact and receive WhatsApp messages within the panel
- **Twitter experience improvement: previews of images or videos are now available within x.news™.**
- **Native app for iOS and Android for when you work on the go.**
- **Workflow integration with MMI for Broadcast content from YouTube with a single mouse click.**
